## TERMS OF REFERENCE

**MINISTRY OF TRANSPORT AND COMMUNICATIONS: DIRECTORATE  
OF WATER RESOURCES AND IMPROVEMENT OF RIVER SYSTEMS  
AYEYARWADY INTEGRATED RIVER BASIN MANAGEMENT  
PROJECT**

**TERMS OF REFERENCE FOR  
COMPONENT 2 FINANCE ASSISTANT  
CONTRACT No. C2.12A**

### 1. **Background**

The Union Government of Myanmar has received a Credit of US\$ 100 million from the World Bank to implement Ayeyarwady Integrated River Basin Management Project (AIRBM). The Directorate of Water Resources and Improvement of River System (DWIR) of the Ministry of Transport and Communications (MOTC) of the Union Government of Myanmar has been mandated to implement Ayeyarwady Integrated River Basin Management Project, a multi-year development project that would be supported through the Credit from the World Bank. The AIRBM Project demands establishment and monitoring of predictable and efficient accounting systems and procedures in place, as per guidelines of the Union Government of Myanmar and the World Bank and ensure transparency and efficiency in the process.

Within the framework of the AIRBM project, the Department of Meteorology and Hydrology (DMH) is the beneficiary of the AIRBM Component 2 described as follows:

#### **Component 2 – Hydrometeorological Observation and Information Systems Modernization**

*2.1 Institutional and Regulatory Strengthening, Capacity Building and Implementation Support:* This sub-component will support: (a) institutional strengthening including the development of a robust legal and regulatory framework; (b) capacity building and training for staff; and (c) technical assistance in systems design, integration and operations as well as Component 2 management and monitoring.

*2.2 Modernization of Observation Infrastructure, Data Management Systems and Forecasting:* This sub-component will support: (a) technical upgrading of the hydro-meteorological observation network; (b) modernization of operations centers, data management and communications/IT systems, engineering and calibration facilities; (c) improvements in numerical weather prediction systems and associated hydrological modeling systems; and (d) reconstruction and refurbishment of offices and facilities.

*2.3 Enhancement of Hydromet Service Delivery Systems:* This sub-component will support the strengthening and delivery of hydromet information services in order to ensure project benefits are realized across the range of stakeholders. This will likely include: (a) creation of a Service Delivery Platform for weather and hydrological services; (b) support for disaster risk management (DRM) operations including expansion of "end-to-end" early warning systems in small river basins with floods and flash floods; (c) development of an Agricultural and Climate Advisory Service (ACAS); and (d) the creation of a National Framework for Climate Services.

Due to the nature of the AIRBM Component 2, there will be multiple packages to be procured, and therefore special assistance is required in terms of accounting monitoring and management. For this purpose, the Project Management Unit (PMU) of the AIRBM Project will recruit a Component 2 Finance Assistant with adequate experience in the areas of finance and accounting functions to ensure compliance with the procedures and requirement of the World Bank, and of the Union Government of Myanmar.

## **2. Implementation Arrangements**
